WET LABS SCIENTIFIC PROGRAM

Friday 17 Oct 2025

Wet Lab 1

Foundations of Echocardiography

 8:00 am To 5:30 pm

Prof. Joanna Dukes-McEwan

SBVMS, MVM, PhD, SFHEA, DVC, DipECVIM-CA (Cardiology), FRCVS,
Professor of Veterinary Cardiology, University of Liverpool, UK

- Welcome/Registration/Get your badge/Tea and Coffee
- Lecture: Getting the best out of your echo machine: "Knobology"
- Lecture: 2D and M-mode: the right parasternal views
- Lecture: Echo to stage mitral valve disease post-EPIC study
- Practical: The right sided views
- Lecture: The left sided views and Doppler echocardiography
- Practical: The left sided views and Doppler
- Interactive Echo cases (with PollEverywhere)

Wet Lab 2

Dentistry - Palate surgery

 8:00 am To 5:30 pm

Dr. Margherita Gracis

Med. Vet., Dipl. AVDC, Dipl. EVDC, Past President of the
European Veterinary Dental Society (EVDS) and the Italian
Veterinary Dental Society (SIODOV)

- Welcome/Registration/Get your badge/Tea and Coffee
- Palate Surgery for Congenital defects
- Palate Surgery for Acquired defects
- Use of palatal prosthesis
- Palate surgery - Practical Part 1
- Palate surgery - Practical Part 2

Wet Lab 3

Mastering TCVM and Acupuncture: From Fundamentals to Advanced Applications

 8:00 am To 6:20 pm

Dr. Ronald Koh

DVM, MS, DACVSMR, FRCVBM, CVA, CCRP, CVMMP, CVCH, CVFT, CVPP, CHP
V, Professor at Chi University

- Welcome/Registration/Get your badge/Tea and Coffee
- Mastering TCVM and Acupuncture: From Fundamentals to Clinical Applications
- TCVM Principles and Diagnostic Framework
- Fundamentals and Clinical Applications of Veterinary Acupuncture
- Hands-On Lab (Part 1) | Analyzing tongue images and pulse descriptors
- Hands-On Lab (Part 2) | Identifying acupuncture points on live animals or models including electroacupuncture, and aquapuncture
- Getting started: Building an Acupuncture Practice
- Integrating TCVM into Clinical Practice

Wet Lab 4

Managing the lymphatics and Basic Reconstruction

 8:00 am To 5:15 pm

PD Dr. Mirja Nolf

PD Dr. DECVS Senior Surgeon at the University of Zurich's Small
Animal Clinic

- Welcome/Registration/Get your badge/Tea and Coffee
- Relevance of Lymphnodes in Veterinary Oncology
- Lymphosomes and approaches to the lymphatic system
- Practical session on how to do Lymphadenectomies (Practical)
- Basic Reconstructive Techniques
- Reconstructive Surgery (Practical)

5

WORKSHOPS

SCIENTIFIC PROGRAM

Workshop 1

Homeopathic Case Taking and Methodology

Saturday 18 Oct 2025

9:10 am To 11:55 am

Dr. Susan Armstrong

MA VetMB Vet MFHom CertIAVH MRCVS RSHom, Founder member and Past President of the British Holistic Veterinary Medicine Association (BHVMA), Past President of the British Association of Homeopathic Veterinary Surgeons (BAHVS) and Past President of the College of Animal Homeopathic Medicine (CAHM) in Canada

- **Theory: Homeopathic Case Taking and Methodology**
- **Part 1- Practical: Homeopathic Case Taking and Methodology**
- **Part 2 -Practical: Homeopathic Case Taking and Methodology**

Workshop 2

Dental radiographic interpretation workshop

Sunday 19 Oct 2025

9:05 am to 12:20 pm

Prof. Santiago Peralta

DVM, DAVDC, Associate Professor in the Section of Dentistry and Oral Surgery at Cornell University's College of Veterinary Medicine

- **Part 1 - Theory about dental radiographic interpretation**
- **Part 2 - Practical: Dental radiographic interpretation workshop**

Workshop 3

Essential Business Concepts for Veterinary Professionals

Sunday 19 Oct 2025

9:00 am To 12:00 pm

Prof. Jorge L. Colón

DVM, MBA, Associate Professor of Practice in Financial and Organizational Management at Cornell University's College of Veterinary Medicine, Director of Veterinary Business Education at the Center for Veterinary Business and Entrepreneurship (CVBE)

- **Interactive Essential Business**
- **Concepts for Veterinary Professionals**

Workshop 4

Interactive case management in small mammals and parrots

Sunday 19 Oct 2025

3:30 pm To 6:50 pm

Prof. Nico Schoemaker

DVM, PhD, DipECZM (Small Mammal), DipECZM (Avian), Assistant Professor in the Division of Zoological Medicine at Utrecht University's Faculty of Veterinary Medicine

Prof. Yvonne R.A. van Zeeland

DVM, MVR, PhD, Dipl. ECZM (Avian, Small Mammal), Associate Professor in the Division of Zoological Medicine at Utrecht University's Faculty of Veterinary Medicine, Past President of the Association of Avian Veterinarians (AAV)

- **Interactive case management in small mammals and parrots Part 1**
- **Interactive case management in small mammals and parrots Part 2**

Workshop 5

Improve your confidence with ECGs

Sunday 19 Oct 2025

2:00 pm To 4:30 pm

Prof. Joanna Dukes-McEwan

BVMS, MVM, PhD, SFHEA, DVC, DipECVIM-CA (Cardiology), FRCVS, Professor of Veterinary Cardiology, University of Liverpool, UK

- **Introduction (approaching the ECG)**
- **Delegates review six lead ECGs (could be on laptops or physical ECGs)**
- **Interactive ECGs including PollEverywhere voting**

8:00 am

WELCOME / REGISTRATION / GET YOUR BADGE

Hall 1

Feline Medicine

09:10 am Feline infectious peritonitis – finally a curable disease?

Prof. Katrin Hartmann

10:00 am Feline leukemia virus – still a threat in many countries worldwide?

Prof. Katrin Hartmann

10:50 am Coffee / Tea Break

11:05 am Feline immunodeficiency virus – when do we need to treat the infection?

Prof. Katrin Hartmann

11:55 am

OPENING CEREMONY - KEYNOTE SPEAKER

12:40 pm Lunch Break

Endocrinology - Part 1

1:40 pm Diagnostics of Diabetes Mellitus

Prof. Patty Lathan

2:40 pm Treatment of Canine Diabetes Mellitus

Prof. Patty Lathan

3:40 pm Coffee / Tea Break

3:55 pm Novel oral drug treatment of cats with Diabetes mellitus

Prof. Patty Lathan

Gastroenterology

4:55 pm Canine Chronic Enteropathies Classification

Prof. Valerie Freiche

5:40 pm Feline Chronic Enteropathies

Prof. Valerie Freiche

6:25 pm Gut Health the TCVM Way: Managing Gastrointestinal Disorders Holistically

Dr. Ronald Koh

Hall 2

Minimal Invasive Surgery

09:10 am Introduction to Laparoscopy

Prof. Valery Scharf

9:45 am Laparoscopic Gastropexy

Prof. Valery Scharf

10:45 am Coffee / Tea Break

11:00 am Laparoscopic Cholecystectomy

Prof. Valery Scharf

12:40 pm Lunch Break

General Surgery

1:40 pm Pneumothorax Surgery

Prof. Valery Scharf

2:40 pm Reconstructive surgery

PD Dr. Mirja C. Nollf

3:40 pm Coffee / Tea Break

3:55 pm Negative pressure wound therapy for feline patients

PD Dr. Mirja C. Nollf

Oncology

4:35 pm Oncosurgery: Present and Future

PD Dr. Mirja C. Nollf

5:35 pm Oral Masses in Cats: Inflammatory or Neoplastic?

Dr. Philippe Hennet

6:05 pm Principles of Oral Oncology in Small Animals

Prof. Santiago Peralta

Hall 3

Dentistry Part 1

09:10 am Dental Extraction Techniques in Small Animals

Prof. Santiago Peralta

10:05 am Tips and tricks for dental root tips retrieval

Dr. Margherita Gracis

11:05 am Coffee / Tea Break

11:15 am How to manage partially erupted and unerupted teeth in dogs and cats

Dr. Margherita Gracis

12:40 pm Lunch Break

Dentistry Part 2

1:40 pm Use of Piezosurgery in oral and Maxillofacial Surgery

Dr. Margherita Gracis

2:40 pm Update on Feline Chronic Gingivostomatitis

Dr. Philippe Hennet

3:25 pm Coffee / Tea Break

3:40 pm Conservative treatment of fractured teeth in dogs and cats

Dr. Philippe Hennet

4:25 pm Practical management of maxillofacial trauma in cats

Dr. Philippe Hennet

5:10 pm Dos and don'ts in canine and feline palate surgery

Dr. Margherita Gracis

Hall 4

Nursing Part 1

09:10 am The ABCs of Veterinary Triage: Rapid Patient Assessment for Veterinary Nurses

Miss Eleanor Haskey

9:55 am Fluids 101 - designing patient specific fluid therapy plans

Miss Eleanor Haskey

10:45 am Coffee / Tea Break

11:00 am How to create a patient specific anaesthesia plan

Miss Lisa Angell

12:40 pm Lunch Break

1:40 pm Navigating nutrition - planning and supporting patients in practice

Miss Gina Parkes

2:25 pm Keeping a watchful eye - Anaesthesia monitoring

Miss Lisa Angell

3:25 pm Coffee / Tea Break

3:45 pm Mastering the Basics: Veterinary CPR

Miss Eleanor Haskey

4:30 pm The ins and outs of Diabetes Mellitus - a guide for Veterinary nurses

Miss Gina Parkes

Hall 5

AI in Veterinary Medicine

(open to veterinarians and nurses)

1:40 pm AI fundamentals and mechanics of the technology

Dr. William Tancredi

2:40 pm AI clinical application in workflow and patient care

Dr. William Tancredi

3:40 pm Coffee / Tea Break

3:55 pm AI open forum to use the technology to solve problems for the audience in real time

Dr. William Tancredi

8:00 am

WELCOME / REGISTRATION / GET YOUR BADGE

Hall 1	Hall 2	Hall 3	Hall 4
Cardiology 9:05 am  Echocardiography: Which views and which measurements to assess a cardiac patient Prof. Joanna Dukes-McEwan 10:00 am  Canine Dilated Cardiomyopathy: From genetics to clinical diagnosis Prof. Joanna Dukes-McEwan 10:55 am Coffee / Tea Break 11:15 am  Feline cardiomyopathies: What can we do? Prof. Joanna Dukes-McEwan 12:00 pm  Arrhythmias? Approach to ECG interpretation Prof. Joanna Dukes-McEwan 12:55 pm Lunch Break Endocrinology - Part 2 1:55 pm  Addison's Disease: case based lecture about diagnosis and treatment Prof. Patty Lathan 2:45 pm  Diagnostics of Cushing's Syndrome Prof. Patty Lathan 3:45 pm  Diagnosis of hypo and hyperthyroidism Prof. Patty Lathan 4:45 pm Coffee / Tea Break Oral/maxillofacial Surgery 5:15 pm  Treatment of jaw fractures in dogs: interdental splint or plate and screws? Dr. Philippe Hennet 6:15 pm  Locoregional flaps for oral and orofacial defect closure Dr. Philippe Hennet	Avian /Exotic Medicine Part 1 9:05 am  Avian Orthopedics Dr. Margit Gabriele Muller 9:50 am  Common infectious diseases in parrots Prof. Yvonne R.A. van Zeeland 10:50 am Coffee / Tea Break 11:10 am  Common non-infectious diseases in parrots Prof. Yvonne R.A. van Zeeland 12:10 pm  Common infectious diseases in small mammals Prof. Nico Schoemaker 1:10 pm Lunch Break Avian/ Exotic Animal Medicine Part 2 2:10 pm  Common non-infectious diseases in small mammals Prof. Nico Schoemaker 3:10 pm  Nutritional diseases in exotic pets Dr. Shangzhe Xie 4:10 pm  When Enrofloxacin Does Not Win: Antibiotic Choice in Exotic Pets Dr. Shangzhe Xie 5:10 pm Coffee / Tea Break 5:30 pm  Exotic pet anaesthesia for reptiles Dr. Shangzhe Xie 6:05 pm  Ultrasonographic methods for evaluation of organs in wild and exotic animals Prof. Jezie A. Acorda	Complimentary Medicine 9:05 am  Foundation of Veterinary Homeopathy Dr. Susan Armstrong 9:35 am  Chronic Liver Disease in Dogs: Homeopathic treatment as part of a multi-modality approach to case management Dr. Susan Armstrong 10:20 am Coffee / Tea Break 10:40 am  Cancer in Animals: Homeopathic and integrative treatment Dr. Susan Armstrong 11:25 am  Ancient Wisdom, Modern Care: An Introduction to Traditional Chinese Veterinary Medicine Dr. Ronald Koh 12:25 pm Lunch Break 1:25 pm  Small Animal Acupuncture: Unlocking Healing Potential with Ancient Techniques Dr. Ronald Koh Practice Management 2:25 pm  Practice Management in Veterinary Medicine Prof. Jorge L. Colón 3:10 pm  Essential Business Concepts for Veterinary Professionals Prof. Jorge L. Colón 3:55 pm Coffee / Tea Break 4:15 pm  Enhancing Client Communication at Every Stage Dr. Caitlin DeWilde 5:00 pm  AI for Veterinary Marketing, SOPs, & Client Communication Dr. Caitlin DeWilde 5:45 pm  Multimodal Marketing: Beyond Social Media Dr. Caitlin DeWilde	Nursing Part 2 9:05 am  Nursing care for critical patients: Monitoring beyond the numbers Miss Eleanor Haskey 10:05 am  Understanding Analgesia - Managing pain in your surgical patients Miss Lisa Angell 10:50 am Coffee / Tea Break 11:10 am  Assisted feeding - key information for practice Miss Gina Parkes 11:55 am  Nurse clinics - enhancing skills and improving care in practice Miss Gina Parkes 12:55 pm Lunch Break 1:55 pm  Urinary catheter placement and management Miss Eleanor Haskey 2:40 pm  Troubleshooting tracheostomy tubes Miss Eleanor Haskey 3:25 pm Coffee / Tea Break 3:45 pm  Panel - Realising your potential: Motivation for your career progression with Q and A Miss Lisa Angell, Miss Gina Parkes & Miss Eleanor Haskey Innovation (open to veterinarians and nurses) 4:45 pm  Corneal Ulcers and innovative treatment through platelet rich serum Prof. Haithem Ferghali 5:15 pm  Fundamentals and application of 3D printing in veterinary medicine Dr. William Tancredi 6:15 pm  3D-printed casque prosthesis placement Dr. Shangzhe Xie

Jafza One Convention Center

INDUSTRY SESSIONS

SCIENTIFIC PROGRAM

Saturday

18 Oct 2025

Industry Session Hall

Dr. Patrik Holmboe | DVM BSc, Product & Services Director Nova Vet Family
Elevating Veterinary Care
with Intelligent Tools and Powerful Services

10:00 AM
11:00 AM

Dr. Zeljko Brkic | DVM Head of Pet Health Technical Consultants Central Eastern
EuropePet Health Strategy Consultant
From prevention protection:
Elanco Solutions forParasite Control

11:00 AM
12:00 PM

Prof. Haithhem Farghali | DVM, Prof. of Surgery, Anesthesiology, and Radiology
Faculty of Veterinary medicine, Cairo University, Egypt.
Management of breast cancer
in cats vs dogs: Comparative oncological study

02:00 PM
03:00 PM

Prof. Haithhem Farghali | DVM, Prof. of Surgery, Anesthesiology, and Radiology
Faculty of Veterinary medicine, Cairo University, Egypt.
Impact of Urinary Stones on Quality of
Life and Best Treatment Approaches in Small Animal Practice

04:00 PM
05:00 PM

Prof. Patty Lathan | VMD, MS, DACVIM (Small Animal Internal Medicine)
Treatment of Feline Hyperthyroidism

05:00 PM
06:00 PM
